

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

BIG RIVERS ELECTRIC CORPORATION'S NOTICE )  
OF CHANGES IN ITS RATES FOR ELECTRICITY ) CASE NO. 9163  
SOLD TO MEMBER COOPERATIVES )

O R D E R

On February 6, 1985, National Southwire Aluminum Company ("NSA") filed a motion requesting the Commission to amend or clarify its Order entered January 31, 1985, wherein the Commission found that an evidentiary hearing would be necessary to determine the issue of whether the rates of Big Rivers Electric Corporation ("Big Rivers") should be based on costs associated with the Wilson Generating Station and related facilities. NSA requests that said Order be amended or clarified to state that "With respect to whether costs related to the Wilson Generating Station are recoverable, a show cause procedure is unnecessary because Big Rivers has stated that this rate proceeding does not include a request for recovery of Wilson Generating Station costs."

On February 14, 1985, Big Rivers filed a response stating that it had no objection to NSA's motion.

Based on NSA's motion and Big Rivers' response, the Commission is of the opinion and hereby finds that Big Rivers has not

requested rate recovery of costs associated with the Wilson Generating Station. However, upon a review of its Order entered January 31, 1985, the Commission further finds that said Order needs no clarification or amendment.

Based on NSA's motion and a review of the Commission's Order entered January 31, 1985, the Commission is of the opinion and hereby finds that its Order entered January 31, 1985, needs no clarification.

IT IS THEREFORE ORDERED that NSA's motion to amend or clarify shall be and it hereby is denied.

Done at Frankfort, Kentucky, this 1st day of March, 1985.
